EXAMINER'S COMMENT

Reasons for Allowance

1. Claims 1-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The rejection of claims 1-21 is hereby withdrawn in view of applicants' arguments set forth on pages 5-6 of the amendment filed on December 16, 2005.

The prior art fails to disclose or render obvious the claimed combination including the following steps: compensating in steady-state torque losses in an overrun and in an acceleration operation of the drive unit; weighting a steady-state compensation of the torque losses by a first weighting factor in overrun operation; and linearly raising the first weighting factor when a drag torque decreases in amount, until traction operation is reached.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
